

TOMBSTONE EPITAPH.

Tombstone, Cochise County, Arizona.

ENTERED IN THE POST OFFICE AS SECOND-CLASS MATTER.

From Tuesday's Daily.

Mirpah. 11
Mrs. Temple, Benson, is registered at the San Jose.

M. Peralta and J. Fleece are up from Fairbank.

B. A. Packard left this afternoon for the Packard ranch.

The Galardo case is on trial at Duncan's court as we go to press.

The county jail contains but seven prisoners. A good showing for Cochise.

G. F. Segar, a prominent real estate man of Los Angeles, is registered at the Cochise.

A. F. Charles, a mill man from California, is in Tombstone and stopping at the San Jose.

Another carload of Chinamen in bond for Cuba passed Benson yesterday from California.

Mr. and Mrs. Thos. Groves and child left today for California, where they will reside in future.

W. D. Mitchell, one of the able editors of the Democrat, is in the city and will remain a few days.

T. H. Sutton, representing the well known candy firm of Bishop & Co. of Los Angeles, is at the Palace.

If accounts from the east and west are correct there are at least a thousand hobos on their way to Arizona.

The S. P. R. R. has commenced suit against the village of Yuma to quiet title to certain property in that town.

Fifteen cents a pound for bacon ought to impress Cochise ranchmen and farmers with the importance of planting hogs.

The case of the Territory vs. Ryan was heard today in Justice Koska's court. The decision will be rendered tomorrow at 10 a. m.

Juan Rodriguez, a Mexican army officer of high rank, and his aides were in Tombstone last night and left this morning for Sonora.

The suit of Noriega vs. Lewis, the case transferred from Bisbee to Koska's court is set for Thursday. A large number of witnesses from Bisbee will be summoned.

Frank Flanagan and Joe Sutherland have gone to the former's copper mines in the Santa Catalinas, on which they propose to do extensive development work.

Word was received late last night from Fort Huachuca that some Mexican horse thieves had been captured. Frank Broad has gone after them and is expected back tonight.

A letter received by W. D. Monmonier today from Wm. Hutchinson, of Bird Cage theatre fame, located him in Chicago. He makes inquiry about the business aspect of Tombstone.

A circus is on the way to Arizona. It will hold forth at Benson, to which place a low rate will probably be made from this city by the stage line and N. M. & A.

There is no better place in the whole territory for the prospector than Cochise county. Gold, silver, copper and lead abound throughout the length and breadth of the county.

The trial of the Territory vs. N. J. Reilly was held with closed doors last night at Duncan's court. Mr. Reilly was placed under a \$250 bond to keep the peace, while Mrs. Reilly was discharged.

Frank Hampter, a pioneer of Texas, is in the city. He is interested in some cattle in the valley, which will probably be shipped to California in a month or two.

A Mexican wood chopper was brought to town last night suffering intensely from the bite of a snake in the Dragoons. He was given medical attention and will probably be all right. He says the snake was an immense rattler.

\$32,000

The Amount of Another Bond on a Valuable Mining Property at Dos Cabezas.

An agreement was filed yesterday in the recorder's office in which some valuable gold mining property in Cochise county is bonded for \$32,000. The contracting parties are Hugh McCrum, John Sroufe and L. C. Hughes, owners, and F. A. Huntington.

The mines are located near Dos Cabezas and are named Silver Cave, Sacra and Silver Cave millsite.

The agreement calls for the commencement of work by Mr. Huntington on or before Dec. 1, 1893, and a sufficient force of men must be put to work to extract at least twenty tons daily, and if paying ore is encountered a mill to be erected of sufficient size to crush the twenty tons daily or whatever amount is taken out, but not less than twenty tons, and it is further specified that the mill must be completed within ninety days after commencement of same.

The agreement further states that the \$32,000 must be paid at the expiration of three months after Dec. 1, 1893. An amount equal to 12 1/2 per cent of that sum may be paid each month until the total is paid if preferred, otherwise 25 per cent of three-quarters of the gross receipts of bullion from the ore worked must be paid each month until the stipulations have been complied with.

If Mr. Huntington does not begin work on date mentioned, or should he cease work for thirty days the contract is void.

Hugh McCrum and John Sroufe are both of San Francisco and have extensive mining interests in Dos Cabezas district and this district, and L. C. Hughes is the governor of this territory. F. A. Huntington is a wealthy San Franciscan and bears the reputation of being a most successful mining man.

That capital in the present stridency seeks Cochise county for investment, testifies strongly to the positive merits of our mines, and will do much toward restoring confidence in this favored section.

The Fountain Head of Strength

When we recollect that the stomach is the grand laboratory in which food is transformed into the secretions which furnish vigor to the system after entering and enriching the blood; that it is, in short, the fountain head of strength, it is essential to keep this important supplying machine in order, and to restore it to activity when it becomes inactive. This Hostett's Stomach Bitters does most effectively, seasonably, regulating and reinforcing digestion, promoting due action of the liver and bowels. Strength and quietude of nerves depend in great measure upon thorough digestion. There is no nerve tonic more highly esteemed by the medical fraternity than the Bitters. Physicians also strongly commend it for chills and fever, rheumatism, kidney and bladder trouble, sick headache and want of appetite and sleep. Take a wine-glassful three times a day.

Messrs. Moore and Brown have returned to Tombstone from their prospecting trip in the vicinity of Harqua Hala and have met with considerable success, though they report the weather extremely hot.

Our merchants evidently have faith in the silver lining to the clouds which have hovered over us for the past few months and are preparing for a vigorous winter campaign. One of our heaviest grocery firms ordered three carloads of goods from one house last Saturday.

A. H. Chaplin, mail clerk on the N. M. & A. railroad, was arrested night before last at Benson by Marshal Meade on a charge of stealing \$120 from a registered letter. He is now in jail at Tucson, where the case will be tried this week before Court Com. Wilson. Chaplin is well known in the territory and was formerly connected with a hotel at Florence.

The Phoenix Republican has this to say of an old time Tombstoner:

Henry Zeuner, one of the owners of the Keystone mining claim, twenty miles west of the Vulture, is in the city. The Keystone is turning out ore which runs as high as \$80 per ton. About 500 feet of work has been done. The main shaft is 125 feet. Water for men and stock is supplied from an immense cement lined cistern. Water for working the ore is brought nine miles.

The Fire Election Squabble.

The city council met on Saturday night at the City Hall, to take action on the Chief of the fire department election. A large number of citizens were present all of whom expected to see some excitement, and they were not disappointed.

The council declared the election void on the ground that it was not held in accordance with the ordinance, as notices, calling an election, were not posted in the different engine houses.

G. W. Swain addressed the council and cited the law regarding the carrying on of elections and suggested that the council order the election for Chief to be had the same as county elections, each voter to cast his own ballot, instead of allowing the secretary to vote for the entire company. This brought Frank Ryan to his feet, and waxing eloquent, held that each company could instruct their secretary to vote in that manner, if they so desired. Several firemen present ventilated their views and the argument was discussed pro and con.

The council decided that they had no authority to order the manner of elections but instructed the Chief to call a new election in accordance with Sec. 7 of Ordinance 17 and consequently a new election will be held on the 19th inst notices having been posted to that effect on all three of the engine houses.

Scrofula

In Its Worst Form—"White Swelling" Cured.

The remarkable effect of Hood's Sarsaparilla is the following case illustrates the power of this medicine over all blood diseases:

"My son, 7 years old, had a white swelling come on his right leg below the knee, which contracted the muscles so that his leg was drawn up at right angles. Physicians lanced the swelling, which discharged freely, but did not help him materially. I considered him

A Confirmed Cripple.

I was about to take him to Cincinnati for an operation, expecting his leg would have to be taken off, and began giving him Hood's Sarsaparilla in order to get up his strength. The medicine woke up his appetite, and soon pieces of bone were discharged from the sore. We continued with Hood's Sarsaparilla, as it seemed to be doing him so much good, and the discharge from the sore decreased, the swelling went down, the leg straightened out, and in a few months he had perfect use of his leg. He is now apparently as well as ever." JOHN L. MCMURRAY, Notary Public, Lawrencewood, W. Va.

Hood's Sarsaparilla

Sold by druggists. \$1; six for \$5. Prepared only by C. L. HOOD & CO., Apothecaries, Lowell, Mass.

100 Doses One Dollar

MINING APPLICATION

No. 503. AMENDED SURVEY.

U. S. Land Office, Tucson, Ariz., Sept. 13, 1893.
NOTICE IS HEREBY GIVEN THAT THE Cooper Queen Consolidated Mining Co., by Ben Williams, agent, whose postoffice address is Bisbee Cochise county Arizona, has made application for a patent for five hundred and forty seven (47) linear feet on the Surprise vein, lode, or dip, bearing gold, silver and other minerals, together with surface ground four hundred and seven feet in width, situated in the Warren Mining District county of Cochise and Territory of Arizona, and more particularly described in the plat and field notes as follows, to wit: plat and field notes being on file in this office, viz:

Beginning at Corner No. 1, a pine post in mound of stones, post marked 1-1015 S. lode, from which United States Mineral Monument No. 4 bears S 30° 41' E 2213.47 feet; thence N 5° 10' E 175.2 feet to corner No. 2, a pine post in mound of stones and marked 2-1015 S. lode; thence S 86° 37' W 347 feet to corner No. 3, a pine post in mound of stones marked 3-1015 S. lode. This is also corner No. 2 Brother Johnson's lode. Thence S 5° 10' W 407.95 feet to corner No. 4, which is also corner No. 5 Brother Johnson's lode, and corner No. 5 Cooper Bullion lode, a pine post in mound of stones marked 4-1015 S. lode; thence N 60° 30' E 454 feet to corner No. 5, on line 5-4 Hayes lode, a pine post in mound of stones marked 5-1015 S. lode; thence N 25° E 275.75 feet to corner No. 1 and place of beginning, and containing in its total area 3.64 acres. Magnetic variation 11° 40' E.

All persons holding adverse claims thereto are required to present the same before this office within sixty days from the first day of publication hereof, or they will be barred by virtue of the provisions of the statute. Said application is hereby ordered to be published in the Tombstone EPITAPH for a period of ten weeks from date of first publication.
